Hello Harold Weisberg

The computer puts in your last name for some reason known but to the gods.

Here is Seven Stories address

Editorial
Seven Stories Press
140 Watts Street
New York NY 10013

It is a radical press and interested in stuff on CIA etc.

They say they need a letter of inquiry plus a couple of chapters. Include a self addressed stamped envelope for return they said or they will answer only if interested.

If you want I will write to them for you or type up your letter for you.
